

Inclusive oral care for people who experience barriers to brushing. Designed with accessibility, dignity and real life in mind.

Reducing sensory overload, shorter, calmer brushing routines. Designed to reduce physical and sensory strain. Simplifying brushing for everyday life. Supporting independence with daily care.

Sensory Shine Review:

‘Great customer service and the tooth brush was a great pressie for my partner who struggles with the noise and on other electric tooth brushes’ – Happy customer.

‘Life changing. He now brushes independently and willingly’ – 5 star Parent feedback.

Sensory Shine – Inclusive oral hygiene solutions
